Dear Andrew

Some time ago I sent the attached letter, addressed to you at Whaleshead. Since I have not heard from you, I fear it may have gone astray so I am sending it again, this time to the address shown on the checks we have received, which I take to be your office in Portland.

We spent several days at the park last week and we pleased to see the remodeled lobby and office and to learn that the wastewater treatment facility is being renovated. We imagine that there may still be a considerable list of items on the "to do" list.

We bought our unit, C-7, in 2005 and have enjoyed a cordial relationship with the park's two ownership groups since then. We have always considered ourselves as partners with the owners, in sharing our rental income, as well as being lessees. We look forward to establishing the same relationship with our new owners.

I look forward to hearing from you and perhaps meeting you on one of your visits to the park.

Cordially,
